As requested, Bluestone Broadcasters, Inc., is submitting a copy of the option agreement for lease of a new tower site, in support of our petition for license renewal of WMTD, Hinton, WV.

Should the date of the document need clarification, I submit the following:

The document was delivered to the home of Mr. and Mrs. Hinton, on or about November 7, 1996, with the understanding they would review it with their children before signing. On Monday, November 11, 1996, they telephoned to say they were satisfied and had actually signed the document. Therefore, in preparation of my statement of November 12, 1996, outlining steps taken to restore the station, I stated the tower site option had been executed. It was not until November 18, 1996, that I returned to the Home of Mr. and Mrs. Hinton, along with a Notary Public to certify the acknowledgement of signatures. Noting that the date had been left blank, I simply inserted the 18th as the effective date.

I declare and certify the following three pages a true copy of the option to lease agreement, per section 1.16 FCC rules this 11th day of December, 1996.

Lonnie R. Mullins, President
